

A retreat for children with life-threatening illnesses and their families
Casco, Maine

Due to the COVID-19 pandemic, at this time we are not accepting families for the 2020 program year, but we hope that learning about Camp Sunshine can bring families some hope for togetherness and fun in the future. For now, we are working on finding other ways to bring “sunshine” to families who need hope and joy now more than ever. Please send us a message with any ideas or suggestions you may have!
